Handedness

Background & Family In what feels like another life, I was a warrior. During the Interregnum, I snuffed out many lives and tasted blood a hundred times. During a particularly bloody battle, a helpless youth begged me for mercy, but I gave none, ending their life with a quick sword thrust. Their soul appeared to me in a vision as Sister Earth, begging me to lend my talents towards peace rather than war. I realized that I had been called upon by Faenwitha many times but had always ignored the call, channeling my anger into martial prowess. I renounced my warlike ways and joined the Order. I now practice healing arts, trying to make up for all the blood I have spilled in the past. I occasionally have visions of Sister Earth; she continues to guide my hands toward healing.
